ABOUT ME

Professional Summary

Seasoned Frontend Technical Lead with over 8 years of experience architecting and scaling high-performance web applications using Angular and React. Proven expertise in building responsive, maintainable, and user-centric interfaces with a strong focus on performance and code quality. Demonstrated success in leading frontend teams, establishing engineering best practices, and aligning technical solutions with business objectives. Skilled in mentoring developers, managing CI/CD pipelines, and fostering cross-functional collaboration to deliver scalable and robust software products.

Technical Skills

- **Frontend Technologies:** Angular (Angular 2+), React, TypeScript, JavaScript (ES6+), HTML5, CSS3, SASS/SCSS
- **Backend Technologies:** RESTful APIs, NodeJs, ExpressJs,
- **Database :** SQL , MongoDB, Firebase
- **Management tool:** JIRA, Azure, Trello
- **Testing Frameworks:** Jasmine, Karma, Protractor
- **Version Control:** Git, Github, GitSVN
- **Tools:** CI/CD Pipelines

WORK EXPERIENCE

 **GLOBAL FINANCIAL MEDIA | MUBASHER · FULL-TIME** – ISLAMABAD, PAKISTAN

TECHNICAL LEAD (FRONTEND) – 11/11/2024 – CURRENT

- Led Angular frontend teams for high-impact platforms including financial (Mubasher Info), community, and enterprise applications.
- Defined and implemented scalable frontend architectures, ensuring optimal performance for real-time data, complex charting, and dynamic content.
- Mentored junior and mid-level developers, conducted regular code reviews, and enforced consistent coding standards across teams.
- Streamlined delivery cycles by introducing Agile best practices, sprint planning, and efficient task delegation.
- Spearheaded the adoption of advanced frontend technologies such as Server-Side Rendering (SSR), Micro Frontends, and Angular Signals.
- Collaborated cross-functionally with backend, QA, product, and design teams to align technical execution with business objectives.
- Led technical design sessions, architecture reviews, and proof-of-concept initiatives to evaluate new tools and frameworks.
- Introduced and maintained CI/CD pipelines to support continuous integration and automated testing.
- Served as the technical point of escalation for production issues, debugging performance bottlenecks, and leading post-mortem analyses.
- Fostered a culture of knowledge sharing through internal workshops, technical documentation, and onboarding programs.
- Drove initiatives to improve UI/UX consistency, accessibility compliance, and responsive design standards.

 **GOURMET PAKISTAN** – LAHORE, PAKISTAN

SENIOR SOFTWARE ENGINEER – 04/09/2023 – 08/11/2024

- Spearheaded the development of various Angular-based applications, contributing to the organization's digital transformation.
- Designed and implemented a web and mobile-based HR management system named "Gourmet Universe," enhancing internal operations efficiency.
- Responsible for deployment using Git SVN, ensuring smooth and efficient version control.

- Successfully released a mobile app for "Gourmet Universe" using the Ionic framework, enhancing accessibility and usability for employees.
- Collaborating closely with cross-functional teams to deliver high-quality, user-centric solutions.
- Took initiative in leading sprint planning, code reviews, and task estimation to ensure timely and high-quality deliverables.
- Mentored junior developers and guided them in Angular best practices, component architecture, and performance optimization.
- Worked closely with management to align frontend architecture with business goals and contributed to technical decision-making and roadmap planning.

AL-MUBASHER GROUP – REMOTE, PAKISTAN

● HONOURS AND AWARDS

Awards and Achievements

- ✓ Medal and Shield for **2nd position** in **Software Exhibition** at University Level.
- ✓ Certificate for **3rd position** in **Programming competition** in University.
- ✓ **Executive Member** of University Software Engineering Society (SES).
- ✓ I also served as **Teaching** "Database Management System" and "Object-Oriented Programming".

● PROFESSIONAL CERTIFICATES

Graphic Designing

University of Gujrat under the Supervision of Government of Pakistan

● COMMUNICATION AND INTERPERSONAL SKILLS

Interpersonal Skills

- ✓ Good communication skills.
- ✓ Fluently English and Urdu Speaker.
- ✓ Function well both independently and as a team member.
- ✓ Can adapt me in an Environment of changing circumstances.
- ✓ Cool nerves and having **inborn** leading skills.
